

SOPHOMORES – Manufacturing Day

Sauk Valley CC and the manufacturing community are excited to again announce their National Manufacturing Day program. They will be providing a 30-45 minute presentation on the many exciting career pathways within the field. All Sophomores will be dismissed from their 4A class at 2:15 on Thursday, October 12 and will report to the Cafeteria for the presentation.

Then, on April 26, 2024, they will again host their grand finale event at SVCC. Students will receive tours of local industries and also take part in hands-on events while on campus. Please see the link below for footage of last year's exciting event!
