Students are expected to wear clothing in a neat, clean, and well fitting manner while on school property and/or in attendance at school sponsored activities. Students are to use discretion in their dress and are not permitted to wear apparel that causes a substantial disruption in the school environment.

- Student dress (including accessories) may not advertise, promote, or picture alcoholic beverages, illegal drugs, drug paraphernalia, violent behavior, or other inappropriate images.

- Hats, coats, bandanas, sweatbands, hoods up, and sunglasses will not be worn in the building.
- Hair styles, dress, and accessories that pose a safety hazard are not permitted in science laboratories or during physical education.
- A student's hair shall be cut to expose the student's eyes, or otherwise fastened back so that the student's eyes are not covered.
- Clothing with holes revealing pockets, excessive rips, excessive tears, showing skin and/or undergarments may not be worn at school. Students may wear leggings under ripped clothes.
- Clothing that inappropriately reveals areas of the skin will not be worn to school. Halter tops, spaghetti straps (straps must be at least 1" thick) and shirts that display bare backs or stomachs are not allowed.

- If there is any doubt about dress and appearance, the building principal will make the final decision.
- Students whose dress causes a substantial disruption of the orderly process of school functions or endangers the health or safety of the student, other students, staff or others may be subject discipline.

Students, who violate the dress code, will be asked to call home for a replacement set of clothes. Repeat offenders will be disciplined.

STUDENT BEHAVIOR (See Board Policy 7:190)

This policy becomes effective and replaces the current policy on Student Discipline on the first student attendance day of the 2016-2017 school year. The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

WHEN AND WHERE CONDUCT RULES APPLY

A student is subject to disciplinary action for engaging in prohibited student conduct, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
5. Students are subject to disciplinary measures through the final day of school. Students that are unable to serve discipline due to the school year ending, will be subject to serving that discipline at the beginning of the next school year.

DETENTIONS

Teachers or the principal may require students who have misbehaved to report after school for a 35 minute detention. Detentions may be assigned on any day after school but typically detentions are served on Tuesday, Wednesday or Thursdays after school from 3:15 to 3:45 p.m.

Only those excuses generally accepted for a regular absence will be accepted (for example, illness or a death in the family). Athletic practice or work is not an acceptable excuse for missing detentions. Transportation (including buses) will not be an acceptable excuse for not serving the detention. All students who cannot attend detention for valid reasons must inform the principal before the detention is to be served.

Students who do not show up for behavioral or academic detentions will be issued a behavioral detention. Students will still be required to serve the initial detention.

BEHAVIORAL DETENTIONS

Five behavior detentions in one quarter will result in an In School Suspension (ISS). Students who continue to receive detentions will be subject to the following discipline but not limited to: in school suspension, out of school suspension, loss of recess privileges, the inability to attend a school field trip, the inability to attend school sponsored events, participation in extra-curricular activities, school assemblies.

ACADEMIC DETENTIONS

Academic detentions may be assigned by teachers for incomplete assignments and missing assignments. Academic detentions will be served with the teacher who has issued the detention.

If a student does not serve an academic detention, he/she will be issued a behavioral detention.

PROHIBITED STUDENT CONDUCT

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale.
 - a. Any illegal drug or controlled substance, or cannabis (including medical cannabis, marijuana, and hashish)

The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited.
 - e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
 - f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.

 - h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject banned cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals and permission has been granted by the principals. [SEE RBMS CELL PHONE Policy](#)
 6. Sexting, which, for purposes of this procedure, is the act of creating, sending, sharing, viewing, receiving, or possessing sexually explicit messages, images, or videos electronically, regardless of whether they are authentic or computer-generated, through the use of a computer, electronic communication device, or cellular phone. Sexting also includes creating, sending, sharing, viewing, receiving, or possessing indecent visual depictions, non-consensual dissemination of private sexual images, and non-consensual dissemination of sexually explicit digitized depictions, as defined in State law.
 7. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.

 10. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
 11. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent

12. Teen dating violence, as described in Board policy 7:185, Teen Dating Violence Prohibited.
13. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
14. Entering school property or a school facility without proper authorization.

 - b. The Parent Responsibility Law makes parents/guardians of unemancipated minors who are 11 through 18 years of age liable for actual damages. Parents/guardians may be liable up to \$20,000 for the first act or occurrence of a willful or malicious act. If a pattern or practice of willful or malicious acts by a minor is found by a court to exist for another separate act or occurrence, parents/guardians may be liable up to \$30,000.
20. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
21. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
22. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

DISCIPLINARY MEASURES

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent

practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study, provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, Bus Conduct.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, Suspension Procedures. A student who has been suspended may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, Expulsion Procedures. A student who has been expelled may also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), "look-alikes," alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

RBMS CELL PHONE POLICY

While the school recognizes that electronic devices/cell phones are a regular part of a students' life, they can be a disruption to the educational environment. Our goal is to help students understand that they are here to learn and that there is a time and place for the cell phones so that they do not disrupt the educational environment.

RBMS Electronic Device/Cell Phone Policy states:

- Cell phones are to remain in lockers during the entire school day. This includes morning breakfast.
- Students will not be allowed to wear headphones/earbuds through the hallway or in class without teacher permission. This includes wireless headphones. Again, there is no need for the headphones unless a student is using them with his/her chromebook.
- Any student may have electronic device/cell phone privileges removed at any time due to disciplinary reasons
- Headphones/earbuds offenses will be treated the same as cell phones.

Students that violate this policy will have the following consequences:

- The device will be taken to the office and the student will be able to pick it up at the end of the day. Students will be given a warning for their first offense.
The device will be taken to the office and the student will be able to pick it up at the end of the day. Students will be given an after school detention.
The device will be taken to the office and the parent will be required to come and pick up the device. The student will be given an after school detention or be asked to check his/her phone into the office for a period of time.

CORPORAL PUNISHMENT

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

WEAPONS

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/241).

A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look alike” of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent’s determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy’s prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

RE-ENGAGEMENT OF RETURNING STUDENTS

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re- engagement shall be to support the student’s ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

REQUIRED NOTICES

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student’s parent/guardian. “School grounds” includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

DELEGATION OF AUTHORITY

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

STUDENT HANDBOOK

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

GANG & GANG ACTIVITY

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion, or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

SEARCH AND SEIZURE (See Board Policy 7:140)

ATTENDANCE (See Board Policy 7:70) _____ 9

The goal of the RBMS attendance policies and procedures is to support and improve the regular attendance and performance of our students. The River Bend School District recognizes that regular attendance is crucial to a student's success in school. In order to take full advantage of the educational opportunities provided by teachers and school personnel, students must attend school on a daily basis. Regular attendance and parental support tied with student effort are critical factors of learning and being successful in school. A student who is frequently absent misses valuable instruction and discussion that is important for academic success, even though written work is made up.

Illinois law requires that whoever has custody or control of any child between seven and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session. Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who: attend private school, are physically or mentally unable to attend school, are between the ages of 12 and 14 while in confirmation classes, or have a religious reason requiring absence.

STUDENT ABSENCES

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or her religion forbids secular activity on a particular day(s) or time of day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

For students who are required to attend school there are two types of absences: excused and unexcused. Excused absences include: illness (including up to 5 days per school year for mental or behavioral health of the student), observance of a

religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student as determined by the school board, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, attend a civic event, or other reason as approved by the building principal. Students eligible to vote are also excused for up to two hours to vote in a primary, special, or general election.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

Students who are excused from school will be given a reasonable timeframe to make up missed homework and classwork assignments. All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal. The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school at 815-589-2911 before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Diagnostic Procedures for Identifying Student Absences and Support Services to Truant or Chronically Truant Students

State law requires every school district to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. This review must include an analysis of chronic absence data from each attendance center.

Furthermore, State law provides that school districts are encouraged to provide a system of support to students who are at risk of reaching or exceeding chronic absence levels with strategies and are also encouraged to make resources available to families such as those available through the State Board of Education's Family Engagement Framework to support and engage students and their families to encourage heightened school engagement and improved daily school attendance.

"Chronic absence" means absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause, and out-of-school suspensions.

The School and District use the following diagnostic procedures for identifying the causes of unexcused student absences: Interviews with the student, his or her parent/guardian and any school officials who may have information about the reasons for the student's attendance problems.

Supportive services to truant or chronically truant students include: parent conferences, student counseling, family counseling, and information about existing community services. (Cross-reference: PRESS 7:70, Attendance and Truancy)

ATTENDANCE AND ATHLETICS

An athlete who is absent from school after 12 p.m. on the day of an activity is ineligible for any activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the coach: 1) for a medical absence pre-arranged with the coach or 2) for a death in the athlete's family. An athlete who has one or more trancies or who has been suspended from school may be suspended from participation in athletic activities by administration. An athlete who is absent from school on a Friday before a Saturday event may be withheld from Saturday activities at the sole discretion of the coach.

EXCUSED ABSENCES

PRE-EXCUSED ABSENCES

Any absences in which parents or guardians have prior knowledge of their child's absence. These absences must be

approved by the principal prior to the day of absence(s). A pre-arranged absence form is required to be completed prior to the absence. Pre- arranged absence forms are available in the school office. The school may require documentation explaining the reason for the student's absence.

PRE-ARRANGED VACATIONS

This must be arranged by bringing a note from a parent explaining the trip in advance of the absence. A maximum of five (5) days may be used per school year; any more days will be considered unexcused absences. In order for the five (5) days to be considered an excused absence, the student must be passing in all of his/her classes, and the trip must be such that it cannot be taken during a regularly scheduled

EXCUSED ABSENCES

This is defined as a personal illness or other medically related reason. After 3 consecutive days or an accumulation of 10 days in a school year, a medical excuse from a doctor will be required in order for the absences to be excused. school break. Assignments may be turned in prior to vacation. Additional work may be required. Approval of additional days will be determined by the building administrator.

TARDY

Students will receive an office detention after two unexcused tardies.

The building Principal is the final determiner in excusing absences. Any unusual circumstances or emergency situations must be approved by an administrative order to be considered as an excused absence.

RELEASE TIME FOR RELIGIOUS INSTRUCTION/OBSERVANCE

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal prior to the student's anticipated absence(s). Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

HOME AND HOSPITAL INSTRUCTION [\(2.10\)](#)

A student who is absent or whose physician anticipates his or her absence from school for an extended period of time, or has ongoing intermittent absences because of a medical condition, may be eligible for instruction in the student's home or hospital.

UNEXCUSED ABSENCES

Any absence which is not within the school board definition of an excused absence will be considered unexcused, even if parental permission was received. Final determination will be made by the school principal and/or his/her designated person. Examples of unexcused absences include: oversleeping, obtaining a driver's license, job interviews, running errands, senior pictures, shopping trips, haircuts, etc. Any student who has an unexcused absence will receive less than full credit for the periods missed. Parental contact must be made within 24 hours of the absence or the student will be considered truant. Once a student has missed 10 cumulative school days, the parent or guardian is required to submit a signed doctor's excuse in order for the student absence to be excused. Students will not receive credit for homework when their absence is unexcused.

TRUANCY

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district. Students who miss more than 1 % but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue. If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act Referral to the State's Attorney
- Appropriate school discipline
- A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after

exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

EXTRA-CURRICULAR ACTIVITIES

A student must be in attendance by 12: 00 p.m. on the day of an activity to be eligible for any activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the coach or administrator: 1) for a medical absence pre-arranged with the coach or 2) for a death in the athlete's family. A student who has one or more truantries or who has been suspended from school may be suspended from participation in athletic activities by administration beyond the school suspension.

MAKE-UP WORK

If a student's absence is excused, he/she will be permitted to make up any missed work, including homework and tests. The student will be permitted the same number of days as he/she was absent to turn in the make-up work. The student is responsible for obtaining assignments from his/her teachers. Students who are unexcused from school will not be allowed to make up missed work.

GENERAL BUILDING CONDUCT / ARRIVAL AT SCHOOL

Staff supervision begins every morning at 7:45 a.m. Supervision will occur at three doors (one north and two south) at the middle school and students will gather according to their grade level. Students may enter the building at 8:00 a.m. while classes begin at 8:06 a.m.

The following rules shall apply, and failure to abide by the rules may result in discipline:

- Students will remain outside unless the temperature outside is below 15 degrees or it is raining.
- Students that enter the building to eat breakfast are to enter and leave via the front (west) doors. After students have finished eating breakfast, they leave the school building and wait outside with their classmates. Students are not to hide in the restroom.
- Students are not to be in the hallways before 8 a.m. If students need to come into the school early to work on homework or get extra help, they are to check in with the office first.
- Hats/hoods and bandanas shall not be worn in the building. Any hat brought to school shall be removed before entering with the exemption to head pieces as a part of religious beliefs or those who are suffering from a medical illness.
- Students shall not run, talk loudly or yell in the hallways nor shall they push, shove or hit others.
- Students shall not write on walls, desks or deface or destroy school property.
- Chewing gum is not permitted in the school building without permission from the teacher or administration.
- Skateboards are not to be used on school property.
- Water guns, play guns, and/or real guns are not permitted at school.

GRADING AND PROMOTION (See Board Policy 7:755)

MIDDLE SCHOOL EXPECTATIONS

HOMEWORK

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level. Students are expected to turn in their homework in a timely manner. Teachers will explain their late work policy to their classes at the beginning of the school year.

Students are encouraged to keep an assignment notebook to help encourage students to finish their homework and to help them prepare for quizzes and tests.

When a student is absent, it is his/her responsibility to see the teacher regarding missing work. The office will collect work for students that are absent if requested.

Students that are caught cheating will be disciplined. Students that willingly give answers to another student are considered

to have cheated and will also be disciplined. Discipline may include detention and/or a zero on the academic work. Students caught cheating will be removed from that quarter's honor roll.

GRADES

Parents are encouraged to check their students' grades by using the Power School website weekly. Grades will be updated on PowerSchool on a regular basis. For questions regarding grades, please contact the classroom teacher. Students and parents have different logins that allow them to see the most updated grades.

RBMS will not print report cards at the end of each nine weeks unless a parent requests a report card. Those requests are made through the middle school office

ART, P.E. & HEALTH

Students rotate every three weeks between Art, P.E. and Health classes. Grades are updated weekly in PowerSchool. Extra credit opportunities are available at the discretion of the teacher.

EXEMPTION FROM PHYSICAL EDUCATION REQUIREMENT

Students who are unable to participate in P.E. will be excused from one day of physical participation with a written note from a parent or guardian. Students who are unable to participate in P.E. exceeding one day must have a written physician's note providing the dates of the exemption. Students will be required to complete a written assignment for their participation.

RETENTION/PROMOTION

Students will be retained from their current grade level if they have failed two or more core subjects (History, Language Arts, Literature, Math and Science) for the academic school year. A student will fail a core subject and be retained under these circumstances:

1. 3 out of 4 nine week grades are "F's" – in one core class,
2. Students may not fail the same subject area two years in a row. For example, if a student fails 6th grade math, he/she can not fail 7th grade math.
3. Both semester grades are "F's", or
4. Student does not show improvement during the fourth nine weeks
 - a. A second "F" in the fourth quarter or an "F" second semester grade would not show improvement and thus, mean failing the core subject for the year.
 - b. Regardless of past grades, a student who earns 2 or more "F's" during the fourth quarter will be considered for retention.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

TECHNOLOGY POLICY ([See Board Policy 6:235-AP1](#))

The goal of technology at River Bend School District is to enhance, extend, and enrich the learning process and create new opportunities for teaching and learning. The Administration, staff, and students are encouraged to make use of all technology in order to accomplish these goals and to facilitate diversity and personal academic growth.

TECHNOLOGY 1:1 POLICY

All students are to follow the policies as outlined in the technology use policy stated above.

Specific issues that will have specific consequences:

- If a student leaves his/her Chromebook at home:
 - First offense – warning and borrow one or call home to have someone bring it in – still responsible for missing assignment
 - Second offense – parents contacted by the school and notified this is 2nd offense
 - Third offense – detention and borrow a Chromebook
- Students are expected to have his/her Chromebook fully charged at the beginning of the day. If a student does not have his/her Chromebook charged (meaning the Chromebook dies at school or has to be plugged in during the

school day):

- First offense – warning
- Second offense – parent contact and future consequences discussed with the student
- Third offense – detention
- If a student is caught using non approved activities such as google pictures, playing games, listening to music, etc. without teacher permission:
 - First offense – warning
 - Second offense – detention
 - Third offense – penalty box for one week/parent contact
- If a student downloads extensions or music or any other app without teacher permission:
 - First offense – detention, Chromebook cleared, and penalty box one week
 - Second offense – half-day in-school suspension with reflection page

The above issues are circumstances that have specifically come up as we have implemented 1:1. As technology changes, we are aware that more issues may arise. Students with habitual computer issues can be subject to any of the following consequences: Detentions, In-school suspensions, Loss of cell phone privileges, Loss of the ability to take the school provided Chromebook home, Having their Chromebook reduced to limited web access, and Suspension

Annual Notice to Parents about Educational Technology Vendors Under the Student Online Personal Protection Act

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as operators. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

EXTRACURRICULAR ACTIVITIES

EXTRACURRICULAR RULES & CODE OF CONDUCT

The Extracurricular Code applies to all students who want to participate in additional school activities. Extracurricular activities include: competitive sports, scholastic bowl, student council and cheerleading. This code applies in addition to other rules and regulations concerning student conduct and imposes additional requirements on student athletes and cheerleaders.

Participation in extracurricular activities is a privilege. Those who participate in additional activities have a responsibility to favorably represent the school and community. Student participants are expected to conduct themselves both in and out of school in a manner appropriate to their responsibilities as representatives of the school and district. If a student fails to comply with the terms of this code, the privilege to participate in extracurricular activities may be lost in accordance with the terms of this Extracurricular Code

NO-CUT POLICY

The position of the River Bend District in regard to middle school extra-curricular activities is that participation in and enjoyment of the activity is the basis for the event. The emphasis is directed toward skill building, team play, sportsmanship and an appreciation for the effort needed to succeed in sports and activities. The emphasis on participation carries no formula for minutes, quarters, or games to be played. It does involve empathy on the part of the coach and an understanding on the part of parents and participants that all students can contribute and all need an opportunity. Participation can take many forms and still not jeopardize the fun or the success of the activity. These could include extra games, extra quarters, or substitutions. The District realizes that with large numbers of players that wish to play, not all will be equal. However, the District also realizes that at the middle school level playing the same children all the time is counter-productive to the overall success of the program and is contrary to the philosophy of the school. The building Principal and Athletic Director are to insure that team work, winning, participation and fun are all synonymous terms in middle school activities.

ELIGIBILITY

In order to remain eligible, the student must be passing all classes (No F's) during the sport or activity in which he/she is participating. The grades are based on a weekly quarter average of all classes calculated each Monday. Ineligible students will not participate in games or travel to games for one (1) week or until the grade is passing. Participation in practice is at the discretion of the coach based on the best interest of the student. Students are not allowed to dress during ineligibility.

REQUIREMENTS FOR PARTICIPATIONS

An athlete must have the following fully executed documents on file at the school office before the athlete's first participation in any activity:

1. A current physical examination report completed by a physician licensed in Illinois to practice medicine in all its branches which finds the athlete is physically able to participate; **AND**
2. Proof the athlete is covered by medical insurance. Insurance forms are available in the school office. Insurance coverage is available for each athlete through the school at a minimal fee. Contact the building secretary for further information.

BEHAVIORAL CONDUCT

Misconduct by student-athletes will not be tolerated. Misconduct shall include but shall not be limited to:

- Insubordination; or
- Any behavior or action which is negligently or intentionally injurious to a person or property or which places a person or property at risk of injury or damage; or
- Any behavior which disrupts the appropriate conduct of a school program or activity; or

- Hazing, bullying, or harassment of any kind; or
- Use of profanity; or
- Exhibition of bad sportsmanship; or
- Violation of any school rules or regulations or law.

Coaches and school officials will impose disciplinary measures appropriate to the offenses committed. The discipline imposed for any particular offense shall be at the sole and exclusive discretion of the coaching staff and school officials.

DRUGS, ALCOHOL AND TOBACCO

Except with respect to prescription drugs used by the person for whom such drugs were prescribed in the manner intended by the prescribing medical doctor, the possession, use, distribution, purchase or sale of any alcoholic beverage, drug, drug paraphernalia, controlled substance, look alike, tobacco or tobacco product or any other substance which, when taken into the human body is intended to enhance performance or alter mood or mental state, including any item or substance which is represented by a student to be, or is believed by a student to be any of the foregoing, regardless of the true nature or appearance of the substance, is prohibited in school buildings, on school buses and on all other school property or school related events at any time. This prohibition shall include all school sponsored or school related activities, whether held before or after school, evenings or weekends and shall additionally include a prohibition of use by a student athlete in any instance where the school can demonstrate a reasonable connection to the school program or school athletic program. For purposes of this procedure, students who are under the influence of prohibited substances shall be treated in the same manner as though they had prohibited substances in their possession.

****Random drug searches will be completed by the K-9 unit at unannounced times during the school year****

ABSENCE FROM SCHOOL ON DAY OF ACTIVITY

An athlete who is absent from school after 12 p.m. on the day of an activity is ineligible for any activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the coach:

- for a medical absence pre-arranged with the coach or
- for a death in the athlete's family.

An athlete who has one or more truancies or who has been suspended from school may be suspended from participation in athletic activities by administration. An athlete who is absent from school on a Friday before a Saturday event may be withheld from Saturday activities at the sole discretion of the coach.

TRAVEL

All athletes shall travel to athletic events and return home from athletic events with the team on which the athlete competes by use of school approved means of transportation. A written waiver or parent's signature on a sign-out sheet provided by the coach will excuse an athlete from riding home with his or her team. Oral requests shall not be honored and oral permissions shall not be valid. Signed documentation must be submitted. An athlete riding home with another parent, MUST have prior approval from the district athletic office; permission will not be permitted at the athletic event unless it is an emergency.

Any student athlete found to be in violation of this policy shall be subject to discipline in accordance with the school district's athletic discipline policies, rules and regulations as provided herein.

STUDENT ATHLETE CONCUSSIONS AND HEAD INJURIES ([See Board Policy 7:305](#))

Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School Association before being allowed to participate in any athletic activity, including practice or competition. A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District's return-to-play and return-to-learn protocols.

ATHLETIC FEES

Student extracurricular participants **must** pay the activity fee for the sport/activity they are involved in prior to the first event/meeting of the organization or they should make alternate arrangements for a payment schedule with the principal prior to the first practice/meeting. Fees for activities **will not** be waived. Participants may receive a refund of the activity fee prior to the first contest of the season only in cases where the participant voluntarily withdraws/quits the activity. No refunds or prorating of fees will be made after the first contest of the season and no refunds or prorating of fees will be made at any time, to any participant who is removed from an activity by a coach or administrator for violating team or River

Bend rules or Behavior Code. Payment of an activity fee does not ensure a minimum of participation time in athletic events or other extracurricular activities.

River Bend Middle School Activities fees: A fee will be assessed per student, per school year, for participation in the following activities: Volleyball, Cheerleading, Boys' Basketball, Girls' Basketball, Wrestling, Scholastic Bowl, and Track. Health and Wellness

HEALTH AND WELLNESS

IMMUNIZATION, HEALTH, EYE AND DENTAL EXAMINATIONS ([See Board Policy 7:100](#))

EXTRA-CURRICULAR HEALTH EXAMINATION

All athletes participating in extra-curricular activities must have a current physical by a licensed physician prior to first practice. Students who do not have a physical will not be allowed to participate in practice or games. A current yearly physical is considered to be one within the last year. Example: A student who receives a physical on May 6, 2016 will be considered to have a valid physical until May 6, 2017.

STUDENT MEDICATION ([See Board Policy 7:270](#))

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a

product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

TRANSPORTATION

BUS TRANSPORTATION ([See Board Policy 4:110](#))

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

INSTRUCTIONS TO SCHOOL BUS RIDERS/PARENT AND GUARDIANS

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year.

- Regular transportation route shall consist of District-approved pick-up and drop-off points. These will vary from year to year depending on enrollment and exit of students.
- A single babysitter option will be considered for a pick-up or drop-off point provided said babysitter's residence is on an existing route and after inspection by the Transportation Director, said stop point is both safe and practical. A single babysitter option is defined as only one standard babysitter that provides for a consistent pick-up or drop-off point. An example of a baby sitter option that is **not** acceptable would be a M-W-F request for one babysitter drop-off and T-Th request for another babysitter drop-off.
- All parent transportation requests/options shall be submitted in writing and shall be approved only by the Transportation Director and District Administration. Individual bus drivers shall not unilaterally make changes in route stops.
- School bus riders are under the jurisdiction of the school bus driver. Respect your driver, do what he/she tells you, it's for your safety. Remember that unnecessary confusion diverts the driver's attention and could result in a serious accident.

In the interest of the student's safety and in compliance with State law, students are expected to observe the following rules:

Bus Stop/Entering the Bus:

- Be on time at the designated school bus stop, help keep the bus on schedule. Parents are responsible for the child's safety getting on and off the bus.
- Be careful in approaching the place where the bus stops. Do not move toward the bus until the bus has been brought to a complete stop.
- Stay off the road at all times while waiting for the bus.
- Observe safety precautions at bus stops. Where it is necessary to cross the highway, proceed to a point at least 10 feet in front of the bus on the right shoulder of the highway where traffic may be observed in both directions. Wait for a signal from the bus driver permitting you to cross.
- Choose a seat and sit in it immediately upon entering the bus. Sit quietly in your seat and do not leave your seat

while the bus is in motion. Do not stand in the entrance or in the aisle.

- Be absolutely quiet when approaching a railroad crossing.
- Get permission before opening the windows and do not lower them below the line on the bus.
- Keep all parts of the body and all objects inside the bus.
- Keep bookbags, books, packages, coats and other objects out of the aisles. Keep all body parts clear of the aisles when seated.
- Eating or drinking is not permitted on the bus.
- No animals allowed on the bus.

- Use the emergency door only in an emergency.

Disciplinary Action:

- All school rules will apply while on the bus, at a stop, or waiting for the bus.
- Inappropriate behavior will be reported to school authorities and failure to observe safety rules may result in suspension from bus services.
- Parent/Guardians will be notified with a bus conduct report which requires a signature. The Student must return the signed parent/guardian copy of the report to the driver in order to ride the bus.
- Students may be suspended from riding the school bus for up to ten (10) consecutive school days for engaging in gross disobedience or misconduct. If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the school board may suspend the student from riding the school bus in excess of ten (10) days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.
- Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

ANNUAL NOTIFICATION OF PARENT/GUARDIAN RIGHTS AND PROTECTIONS

RIVER BEND SCHOOL DISTRICT currently provides necessary school-based IEP services to your child at no cost to you, the parent/guardian. The School District is participating in the Illinois Department of Healthcare and Family Service's (HFS) program through which Federal Medicaid funds are made available to school districts in the State to help cover the costs of providing necessary school-based health services to students. By participating in this program, the School District is allowed to seek Federal Medicaid funds to help cover the costs of the IEP services the School District provides to your child. In order to seek the Federal funds, the School District must disclose information from your child's education records which may include your child's name, birth date, and Medicaid number to the Illinois Department of Healthcare and Family Services

(HFS) regarding the IEP services the School District provided to your child.

As required by Federal law, the School District must: obtain your written consent prior to disclosing your child's health information to the Illinois Department of Healthcare and Family Services (HFS), may not require you to sign up for or enroll in any public benefits or insurance programs, may not require you to pay any out-of-pocket expenses such as a deductible or co-payment for the costs of the health services the School District provides to your child, and may not use your child's Medicaid or other public benefits if that use would decrease available lifetime coverage or any other insured benefit, result in you or your family paying for services that would otherwise be covered by Medicaid or other public insurance program and that are required for your child outside of the time that your child is in school, increase your insurance premiums or lead to the discontinuation of any public benefits or insurance, or risk the loss of your eligibility for home and community-based waivers, based on aggregate health-related costs.

You may withdraw your consent at any time. Whether or not you give your consent or if you withdraw your consent for the school district to disclose your child's IEP service information to the Illinois Department of Healthcare and Family Services (HFS) in order to seek Federal Funds to help the School District to cover the cost of your child's IEP services, the School District will continue to provide services to your child at no cost to you, the parent/guardian.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of the School Code, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the child (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

GUIDANCE AND COUNSELING (See Board Policy 6:270)

The school provides a guidance and counseling program for students. The school's counselors are available to those students who require additional assistance.

Under Illinois law, any student 12 years of age or older may receive counseling services without consent of the student's parent/guardian. RESPONSE TO INTERVENTION (RtI)

Response to Intervention (RtI) is a general education initiative in place in each school. It is a process which includes the provision of systematic, research-based, common core standards-based instruction/intervention that is matched to the students' academic, social-emotional, and behavioral needs and assumes that the monitoring of progress is continuous. Furthermore, RtI is designed as an early intervention to prevent long term academic failure. As such, RtI can replace and augment the I.Q. discrepancy model in the identification of learning disabilities. RtI is considered a general education initiative, but can also be implemented in special education settings. RtI is a three Tier Model. As a guide, Tier I instruction should be successful with 80-90% of the students, Tier II represents 5-10% of the students, and Tier III should only represent 1-5% of the student population. Tier I – the provision of general screening and group interventions that usually represents the common core standards, 80-90% of the students will respond and achieve in this Tier, and assessments are administered 3-4 times a year. Tier II - if students do not make adequate progress, more intensive interventions are targeted in smaller groups along with the general education. Progress is monitored at least bi-weekly, and research based interventions could last 6-10 weeks. Tier III

- for students who do not adequately respond to the targeted interventions of Tier II, eligibility for special education under IDEA would be considered. Additional testing may be warranted and students would receive individualized, intensive interventions targeted to their needs as assessed in progress monitoring.
